Section II: Reviewer Information

2. What FPA/Ns do you wish to review?

- ☐ All FPA/Ns statewide. *(Do not answer any further questions.)*
- ☐ Only certain FPA/Ns. *(See instructions below to complete remaining questions.)*
- ☐ No FPA/Ns. I only want to 'Search' the FPARS web site. *(Do not answer any further questions.)*

INSTRUCTIONS: If you would like to review "only certain applications", please identify which types by completing questions 4 - 9. Any response to more than one question will be treated as an **AND** condition, multiple selections within a question will be treated as an **OR** condition. All responses to Question 4 (pertaining to geographical area) will be treated as an **OR** condition.

For example, if you respond to Question 4 by identifying "Thurston County", "Southwest Region" and "S12, T14, R6E" and for Question 7 you chose "Wetland Type A" and "Within a Park", you will receive 1.) all applications within Thurston County **AND** Southwest Region **AND** S12, T14, R6E that have Type A wetlands; *and* 2.) all applications within Thurston County **AND** Southwest Region **AND** S12, T14, R6E that are within a park.

The FPARS system will notify reviewers of FPA/Ns based on information known to the system at the time of notification, and not on information learned during the review process. If there are any questions concerning the accuracy or completeness of the applications you are notified of, please contact your DNR regional office as soon as possible. Contact your DNR regional office or the Forest Practices Help Desk (1-360-902-1420) if you want to make any changes to your Reviewer Profile.

3. Select the **decision(s)** for FPA/Ns you wish to review.
